***Bullying:*** Bullying may occur when a student or group of students engages in any form of behavior that includes such acts as intimidation and/or harassment that has the effect of physically harming a student, damaging a student’s property, or placing a student in reasonable fear of harm or damage to property.

***Harassment:*** Harassment is intentional behavior by a student or group of students that is disturbing or threatening to another student or group of students. Intentional behaviors that characterize harassment include, but are not limited to, stalking, hazing, social exclusion, name calling, unwanted physical contact and unwelcome verbal or written comments, photographs and graphics.

***Intimidation:*** Intimidation is intentional behavior by a student or group of students that places another student or group of students in fear of harm of person or property. Intimidation can be manifested emotionally or physically, either directly or indirectly, and by use of social media.

***Contraband:*** Any item whose use, possession, sale or distribution is prohibited because it may disrupt the learning environment.
